A saber:

- ❖ **-este estudo baseia-se na informação recolhida ao longo do 1º e 2ºP;**
- ❖ **-tivemos dificuldade na análise estatística das respostas dos alunos, uma vez que existem dados incoerentes com a realidade dos mesmos que resulta do facto dos alunos não responderem com responsabilidade ao questionário.**
- ❖ **-algumas questões têm opções de respostas com dificuldades de interpretação por parte dos alunos.**
